- *They discussed "genus acropora" during the group presentation.*
- *In class, the teacher used "genus acropora" to mean coelenterate genus of order madreporaria, including....*

genus arachis *(noun)*

A genus of plants with pods that ripen underground (see peanut).

- *She wrote a short paragraph that included "genus arachis."*
- *They discussed "genus arachis" during the group presentation.*

genus archilochus *(noun)*

A genus of Trochilidae.

- *They discussed "genus archilochus" during the group presentation.*
- *He looked up "genus archilochus" because he had never seen it before.*

genus chelonia *(noun)*

Green turtles.

- *The article explained what "genus chelonia" means with a simple example.*
- *Understanding "genus chelonia" helps you talk about this topic clearly.*

genus delphinus *(noun)*

Type genus of the Delphinidae.

- *Understanding "genus delphinus" helps you talk about this topic clearly.*
- *In class, the teacher used "genus delphinus" to mean type genus of the delphinidae.*

genus erigeron *(noun)*

Cosmopolitan genus of usually perennial herbs with flowers that resemble asters; leaves occasionally (especially formerly) used medicinally.

- *The article explained what "genus erigeron" means with a simple example.*
- *She wrote a short paragraph that included "genus erigeron."*

genus gloriosa *(noun)*

Sometimes placed in family Colchicaceae; one species: glory lily.

- *Understanding "genus gloriosa" helps you talk about this topic clearly.*
- *They discussed "genus gloriosa" during the group presentation.*

genus hevea *(noun)*

Small genus of South American trees yielding latex.

- *She wrote a short paragraph that included "genus hevea."*
- *They discussed "genus hevea" during the group presentation.*

genus hirundo *(noun)*

Type genus of the Hirundinidae.

- *She wrote a short paragraph that included "genus hirundo."*
- *They discussed "genus hirundo" during the group presentation.*

---

genus ixia *(noun)*

A monocotyledonous genus of the family Iridaceae.

- *The article explained what "genus ixia" means with a simple example.*
- *They discussed "genus ixia" during the group presentation.*

---

genus rhamnus *(noun)*

Type genus of the Rhamnaceae: buckthorns.

- *In class, the teacher used "genus rhamnus" to mean type genus of the rhamnaceae: buckthorns.*
- *The article explained what "genus rhamnus" means with a simple example.*

---

genus riparia *(noun)*

A genus of Hirundinidae.

- *Understanding "genus riparia" helps you talk about this topic clearly.*
- *They discussed "genus riparia" during the group presentation.*

---

genus saxifraga *(noun)*

Type genus of the Saxifragaceae; large genus of usually perennial herbs of Arctic and cool regions of northern hemisphere: saxifrage.

- *He looked up "genus saxifraga" because he had never seen it before.*
- *She wrote a short paragraph that included "genus saxifraga."*

---

genus scirpus *(noun)*

Rhizomatous perennial grasslike herbs.

- *They discussed "genus scirpus" during the group presentation.*
- *The article explained what "genus scirpus" means with a simple example.*

---

genus sorex *(noun)*

Type genus of the family Soricidae: shrews.

- *They discussed "genus sorex" during the group presentation.*
- *She wrote a short paragraph that included "genus sorex."*

---

genus stentor *(noun)*

Trumpet-shaped protozoa with a ciliated spiral feeding funnel.

- *They discussed "genus stentor" during the group presentation.*
- *He looked up "genus stentor" because he had never seen it before.*

---

genus taraxacum *(noun)*

An asterid dicot genus of the family Compositae including dandelions.

- *Understanding "genus taraxacum" helps you talk about this topic clearly.*
- *He looked up "genus taraxacum" because he had never seen it before.*

---

genus vernonia *(noun)*

Genus of New World tropical herbs or shrubs with terminal cymose heads of tubular flowers.

- *He looked up "genus vernonia" because he had never seen it before.*
- *Understanding "genus vernonia" helps you talk about this topic clearly.*

---

giovanni pierluigi da palestrina *(noun)*

Italian composer (1526-1594).

- *They discussed "giovanni pierluigi da palestrina" during the group presentation.*
- *Understanding "giovanni pierluigi da palestrina" helps you talk about this topic clearly.*

---

gladdened *(adjective)*

Made joyful.

- *Would you call this situation "gladdened"? Explain why.*

- *It is useful to describe something as "gladdened" when it is made joyful.*

---
