IM#SC2A

1

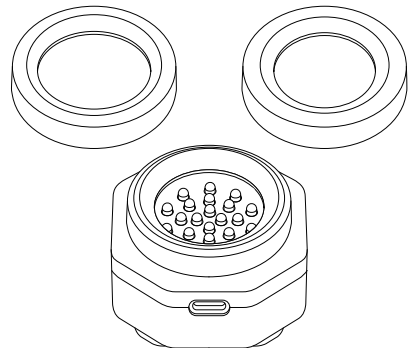

POWER UP YOUR CHARGER

Connect the charger to any USB adaptor with
the C-type cable(provided)

2

PUT ON A RUBBER CAP

Put one of the included caps(men's or women's
size) on the charger.

3

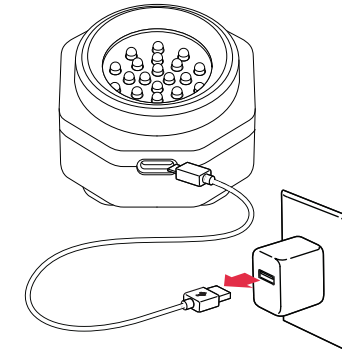

CHARGE UP YOUR SOLAR WATCH

Place your watch face down on the rubber cap.
It may take 6-8 hours for your watch to be fully
charged.

4

POWER OFF YOUR CHARGER

Unplug the USB charger after charging the solar
watch.

5

General Maintenance

- Keep the charger and the caps clean and dry.
Do not expose them to water, dust, or extreme
temperatures.
- Do not use the charger or the caps if they are
damaged or cracked.
- Do not attempt to open, modify, or repair the
charger. Doing so may void your warranty and
cause fire or electric shock.
- Dispose of the charger and the caps properly
according to local regulations. Do not throw
them in the trash or incinerate them.
